

HOW-TO: CHECK PRICING AND AVAILABILITY FOR MULTIPLE RELATED PRODUCTS

Overview

You need to check pricing and availability of multiple pieces of laminate or other products at the same time. Rather than looking up and adding the items 1-by-1 follow the steps below to see multiple related products at one time.

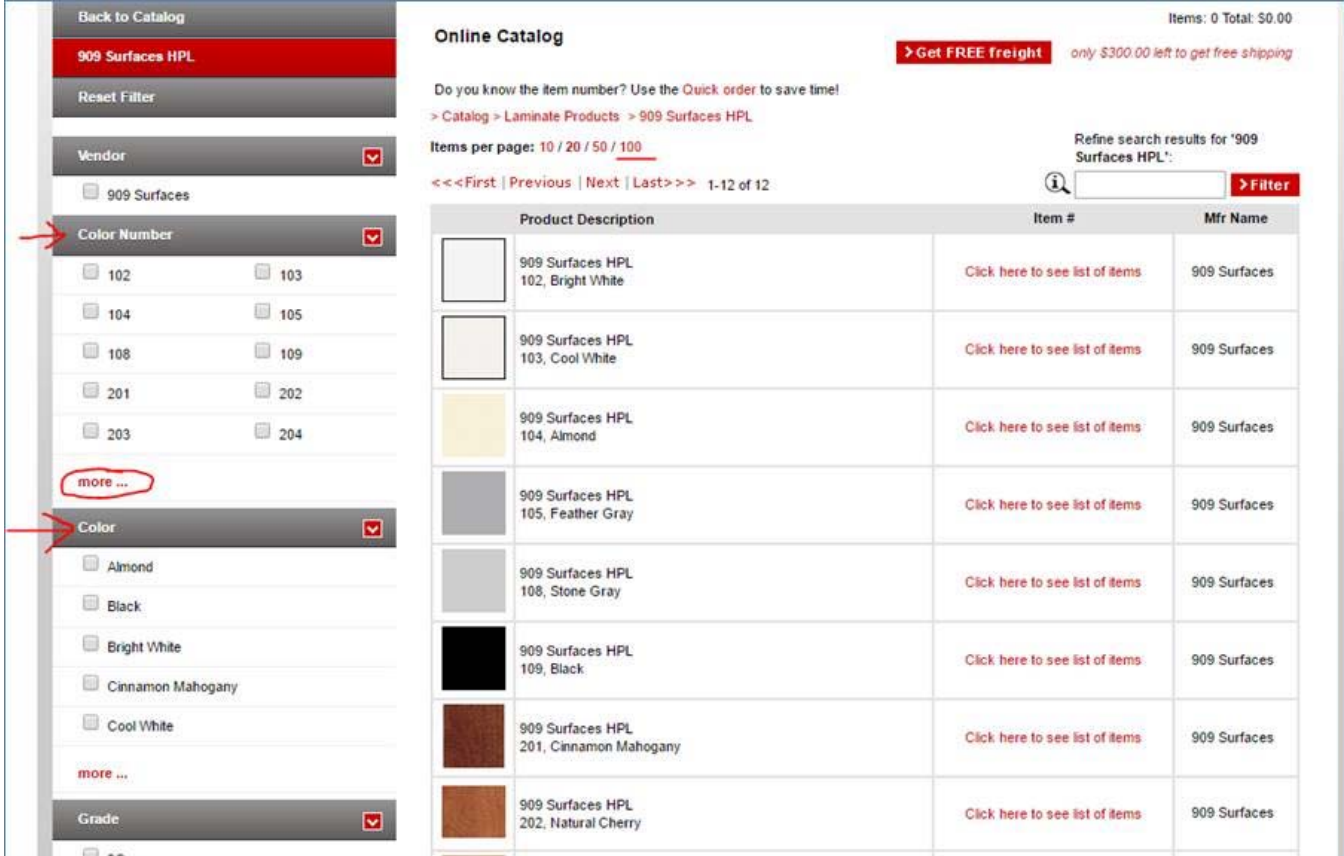

Steps

1. Login to your account on our website so you see your pricing and the availability of those products for your area.
2. In the left category menu, go down to the **Laminate Products** category and click it to expand it.

- Click the product line that you are trying to find information regarding. For this example, we'll select "909 Surfaces HPL".

The screen changes to show ALL 909 Surfaces HPL available.

The screenshot shows the 'Online Catalog' interface. On the left, there is a sidebar with filters: 'Back to Catalog', '909 Surfaces HPL', 'Reset Filter', 'Vendor' (set to '909 Surfaces'), 'Color Number' (with a red arrow pointing to it), and 'Color' (with a red arrow pointing to it). Under 'Color Number', options 102 through 204 are listed, with a 'more ...' link circled in red. Under 'Color', options include Almond, Black, Bright White, Cinnamon Mahogany, and Cool White, also with a 'more ...' link. The main content area shows a list of products with columns for 'Product Description', 'Item #', and 'Mfr Name'. Each product entry includes a color swatch, a description (e.g., '909 Surfaces HPL 102, Bright White'), a link to 'Click here to see list of items', and the manufacturer name '909 Surfaces'. At the top right, there is a 'Get FREE freight' banner and a search filter for '909 Surfaces HPL'.

- Set the items per page view to 100 unless you already have your Preferences set to view 100 or ALL.

*Note: You may set the default number of items to view on any page by adjusting the settings in the My Preferences page of our website. Access **My Preferences** after logging in by clicking **My Account** in the charcoal gray menu bar at the top center of our website. Then, click **My Preferences** on the left side menu at the bottom under **My Site Preferences**. Set the field "Display No. of Items per page" to 10, 20, 50, 100, or ALL.*

5. Select all of the "Color Numbers" or "Colors" by name you want to see.
The list changes to show ALL of the sizes and grades available for those colors you selected.
