Grass America COVID-19 Update

At Grass America, we continue to follow the ongoing threat of the COVID-19 virus. The health and well-being of our families, employees, customers, and supply partners remain our top priority. We are working proactively to safeguard our health and the health of everyone around us. Grass will be vigilant in our efforts to work against this virus and for our customers.

We want to respond quickly and reasonably to the ever-changing situation. We are carefully monitoring the status of the local environment and the areas where our vendors and Grass manufacturing reside. Accordingly, we have positioned ourselves for a quick reaction to all government recommendations and measures.

We are committed to providing the same level of quality and service that our customers expect. As of this week, there are no supply chain disruptions. We have materials in transit, and our US manufacturing facility is in full operation. While the consequences of this crisis remain unknown, we will work hard to maintain our business relationships and service to our customers. If there are any changes in our service or

We hope that you and your families stay safe, healthy, and hopeful as we continue through this challenging time.

With best regards,

Grass America
